

SENATE COMMITTEES AND CHAIRMEN ARE NAMED AT SESSION

Governor's Budget Asking Appropriations Totalling \$72,000,000 is Received—Recommendations Cut in Attorney General Budget—Searcy Heads Visiting Committee

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 30.—Senatorial committees and chairmen were named in the senate session tonight in which the governor's budget asking appropriations totalling \$72,000,000 was received, three bills were passed, two appropriating about \$155,000 and five others introduced. The governor recommends that \$566,640 be given the attorney general whereas it is declared the attorney general asked for \$1,086,240. A total of \$616,140 was allowed the attorney general two years ago. The state treasurer's office is cut to \$502,080 by the governor, from a total of \$563,130 asked. The budget appropriations recommended report a saving of \$13,500,000 as than the total gross appropriations made two years ago, or a net saving of \$7,000,000 according to a statement from the executive's office.

MELLON OPPOSED TO BURSUM MEASURE FOR GERMAN CREDIT

Disapproves Plan to Establish Billion Dollar Credit

(By The Associated Press)
WASHINGTON, Jan. 30.—Secretary Mellon in a letter today to chairman McCumber of the senate finance committee expressed opposition to the Bursum bill to establish a billion dollar credit for the German government to pay foodstuffs in the United States should appeal to the investment public and not seek government aid. Mr. Mellon said he knew of "no reason for taking any more favorable position with respect to the German government than toward foreign governments associated with us in the late war. The United States treasury never has no funds available for loans to foreign governments." The treasury secretary added "and such a bill as this would have to have to find the funds by new borrowings or additional taxation of the American people, either of which would be out of the question for such a purpose as is for the government's borrowings are already too heavy and raising taxes are too high for the good of Agriculture business and industry."

SUE ORDERS TO REGULATE RAILWAYS

(By The Associated Press)
BERLIN, Jan. 30.—The minister of railways today issued regulations to the German railway personnel forbidding the export of coal or timber from occupied areas on both banks of the Rhine to France or Belgium. Co-operation in any form with such or Belgian railway officers the execution of any orders ungiven by the German authorities also is forbidden. The minister orders the employment of an ultimate measure to bring to a standstill any trains run by former crews on the lines under control of the German staff. The regulations do not apply to the British occupied zone. The Prussian minister of the interior has bidden policemen in the Rhine-Westphalian area from salutary officers or colors of foreign flags. The Deutsche Allgemeine Zeitung states that more than 100 German officials with their families have been expelled from the bank of the Rhine. Newspaper reports from Bonn say a German train guard was shot dead there by French.

EXPRESSES SYMPATHY FOR FRENCH PEOPLE

New York, Jan. 30.—The executive committee of the general staff of the military order of the world war today adopted a resolution expressing entire sympathy with France in her efforts to secure from Germany payments of reparations due in accordance with the treaty of Versailles.

RURAL CREDITS IS CAUSE OF DEBATE IN SENATE TUESDAY

Effort to Expedite Measure Causes Incipient Filibuster

(By The Associated Press)
WASHINGTON, Jan. 30.—A situation which had some earmarks of an incipient filibuster resulted in the senate today when Republican leaders renewed their efforts to expedite pending rural credits legislation. Several attempts to reach an agreement as to a time for closing debate having arrived, night sessions were suggested by the majority. Senator Lenroot, Republican, Wisconsin, a co-author of the bill under consideration broke into addresses from the Democratic side to protest against the apparent policy of delay. There was grave danger, he said that unless more progress was made the senate would be unable to give assistance vitally needed by the farmers. Mr. Lenroot's protest followed a speech by Senator Harrison, Democrat, Mississippi, criticizing reductions made by the budget bureau estimates of the agricultural department and an address by Senator Ashurst, Democrat, Arizona, regarding the necessity for some new method of adopting constitutional amendments. Senator Fletcher, Democrat, Florida, who had taken the lead in questioning proponents of the Lenroot-Anderson bill said there was no doubt of its ultimate passage but asserted there could be no justification for extreme haste in reaching a vote. No-Strong Arm Methods. Senator Harrison concurred warning the majority that "no strong arm method" could be employed without causing trouble. He suggested that a vote be taken next Tuesday, but Mr. Lenroot declared he expected a decision before that time. Senator Fletcher then sought unanimous agreement that all debate cease at 4 p. m. Monday, "and that meantime no other legislation be considered except by unanimous consent." Senator Jones, Republican, Washington, objected, but said he would agree to closing debate Friday. An effort to compromise was made by Senator Smith, Democrat, South Carolina, who suggested Saturday but Mr. Jones again demurred renewing the suggestion of night sessions if the minority desired extra time for consideration. "That is a serious proposal," Senator Fletcher declared. "With this town full of gripe and flu I for one will not risk my life by coming here at night. The mortality rate among senators is pretty high." Other suggestions of compromise having failed, Senator Harrison moved for a recess but was defeated and consideration or routine amendments was resumed the body being held in session until it had disposed of all proposed.

COLLEGES MUST MEET PRESENT DAY CONDITION

(By The Associated Press)
CHICAGO, Jan. 30.—A new organization of colleges to meet present day conditions was urged by Dr. Harry Pratt Judson today in his last official report as president of the University of Chicago. "Are we to conduct an institution of learning or an amusement park?" Dr. Judson's statement asked. "The only object of college entrance conditions should be to test whether the student can do college work. Very much of existing red tape would be eliminated. Graduation is too long deferred. "None should be admitted to college work but those who really want intellectual training and are capable of taking it. An institution of learning is primarily for those who want learning without regard to race, sex or social status."

GERMAN WAR MATERIAL WILL BE DISTRIBUTED

Washington, Jan. 30.—Distribution through the country of captured German war material, would be authorized under a bill reported today by the house military committee. The trophies would be apportioned among the states and territories in proportion to the number of men who served in the nation's armed forces during the war and the allotments would be made through the senators and representatives. The bill has passed the senate.

STANLEY BALDWIN GIVES FULL REPORT ON AMERICAN TRIP

British Chancellor of Exchequer Reports to Cabinet
(By The Associated Press)
LONDON, Jan. 30.—Stanley Baldwin, chancellor of the exchequer, gave a full report of his debt funding mission in the United States to his colleagues at a cabinet council today. The subject was discussed for an hour and a half but no decision was reached and the cabinet adjourned to meet tomorrow to continue the discussion. It is considered almost certain that a final decision will be reached this week, because if the American terms are to be accepted a speedy decision is required in order to give the American congress time to take necessary action and because the chancellor must prepare his budget statement next March. It is understood that there are practically only two alternatives before the cabinet—acceptance of the American terms or allowing matters to drift and paying five percent interest, hoping for some change in conditions in the future. It is believed that the balance of opinion favors acceptance of the American terms but there is a considerable divergence of opinion among the ministers especially on account of the American plan requiring interest to be paid in American currency.

SOLDIERS ACCUSED OF PAY CAR ROBBERY

(By The Associated Press)
HAMPTON, Va., Jan. 30.—Corporals Wood and Harvey, both of Langley Field were named today by Captain Norman B. Cota as the two men who held up the post's pay car here this morning and made off with \$43,000. The four enlisted men who were members of the pay car party agreed with Captain Cota in his identification. The two corporals have been missing from the post since this morning. A score of airplanes equipped with machine guns flew low over the peninsula this afternoon searching for the two bandits. Soldiers from Langley Field with several hundred civilians and aided by bloodhounds have joined the man hunt.

STATE AUTO ASSOCIATION OPPOSES BOND ISSUE

Chicago, Jan. 30.—A resolution opposing the \$100,000,000 good roads bond issue recommended by Governor Small was adopted by the Illinois State Automobile association today. Theodore J. Schmitz of Elgin, was elected president of the association. Among the new directors chosen were E. K. Wolgamet of Danville, A. M. Kenny of Decatur, H. L. Wolf of Rockford and A. T. Heusinger of Rock Island.

COMPLICATIONS AMONG ALLIES ARISE SUDDENLY

French Will Stay as Long as There is Chance to Agree

(By The Associated Press)
LAUSANNE, Jan. 30.—Complication suddenly arose among the allied representatives at the Near East peace conference at a late hour tonight when the French delegation announced that it had decided to remain in Lausanne as long as there was any hope of carrying on successful negotiations with the Turks. The British delegation considered the decision of the French as a flagrant violation of the understanding reached between the allies a few days ago that all of them would leave Lausanne at the end of the week if the Turks did not sign tomorrow the treaty which has been handed them. All the British delegates announced officially tonight that they would adhere to this program. The British protest against the French decision is based on a statement issued by the British delegation last week. This was to the effect that the treaty would be presented to the Turks for signature on Wednesday and that the allied delegations had agreed to depart Friday, if the Turks asked further time to consider the treaty, then the conference was to adjourn, but the plenipotentiaries would be ready to return to Lausanne when there were indications that the negotiations could be brought to a successful conclusion. Both the French and Italian delegations supported the British stand with the greatest reluctance. The spokesman for the French delegation informed the Associated Press tonight that while there was some idea of leaving at the end of the week if the Turks sign, France finds it difficult to adhere to any tentative program of procedure if the Turks ask for several days in which to examine the draft treaty and request negotiations on the spot. The statement from British delegation follows: "A semi-official announcement appearing this evening, giving an alleged communication from the French government to the Ankara government that the treaty submitted at Lausanne is only part of a series of pourparlers leading to fresh negotiations and that the French government is prepared to leave its entire delegation in Lausanne is not credited by the British delegation. "It would be a flagrant violation of the mutual understanding arrived at by the allied plenipotentiaries only a few days ago. "The latter does not propose to alter its plans as already announced. "The British protest of tonight caused a tremendous sensation. It immediately switched general interest away from Near East peace negotiations to the question what is to happen between the allies when the conference resumes tomorrow. It is understood the Italian delegation had adopted the same attitude, as the French and will remain in Lausanne while there is any hope of making peace. A telegram received by the French delegation from Paris tonight confirming the decision of the delegation to remain here said France did not consider the allied treaty definitive and that France was even ready to make further concessions to the Turks, if necessary. The Franco-British complication appeared to bring considerable satisfaction to the Turkish circles.

GOVERNMENT TO ABANDON DWIGHT HOSPITAL AT ONCE

Final Transfer of Patients Will Be Made Today
(By The Associated Press)
BLOOMINGTON, Ill., Jan. 30.—Following up the plan of the government to abandon the United States Veterans' Hospital at Dwight, at the expiration of the government lease, 75 of the patients were moved today to other institutions. The remainder will be transferred tomorrow. Some of the veterans were sent to the Great Lakes Hospital and others to the United States Veterans Hospital, No. 76 at Maywood. Fifty patients were recently discharged as well enough to be under a physician's supervision in their own homes. The hospital was leased two years ago by the government and will now be reverted back to the Keeley Estate. Citizens of Dwight have protested the discontinuance of the hospital. Legion Posts in Central Illinois have also been active in a campaign to urge purchase of the hospital by the government. Charles Schick, commander of the American Legion, Department of Illinois is now in Washington in an effort to effect that purchase.

WANT TO KISS AND MAKE UP WITH MEXICO

(By The Associated Press)
TOPEKA, Kans., Jan. 30.—The Kansas senate today unanimously adopted a resolution recommending to the "authorized authorities of the United States government that they do all in their power to bring about more friendly and cordial relations to the end that the republic of Mexico will again take her place among the foremost nations of the world." It was explained on the floor that the action was a courtesy to the senate of Arizona and other border states, to which President Obregon of Mexico has shown his friendship by permitting hundreds of thousands head of cattle from the drought-stricken districts of those states to enter the ranges of Northern Mexico under "the most favorable conditions."

INDIANA GOVERNOR INVITED TO BUY STILL

Indianapolis, Ind., Jan. 30.—Governor McCray is wondering if some one is trying to play a joke on him. He received in his mail today an offer from a company in Newark, N. J., to sell one or all of 134 copper and aluminum stills for the making of moonshine liquor. The capacity of the stills as advertised range from 50 to 200 gallons and the price varied from \$110 to \$735. The letter closed with the expression "trusting that we may have your valued order."

STORY OF RAID IS RELATED ON STAND IN ARDMORE TRIAL

Statements of Jeff Smith That He Was Forced to Accompany Masked Men on Raid Was Told on Stand—Attempt to Have Charge Dismissed is Unsuccessful

(By The Associated Press)
ARDMORE, Okla., Jan. 30.—Statements said to have been made by Jeff Smith, of Healdton, that he was forced by members of a masked party to accompany them on a raid at the home of Joe Carroll in Wilson on a night in December, 1921, during which Carroll was slain and two alleged members of the band fatally wounded, were related in district court today at Smith's trial on a charge of murder. The defendant is one of eleven prominent Carter county citizens charged with killing Carroll. The statements attributed to Smith as to his participation in the expedition were repeated on the stand by county officers who arrested him and investigated the case, and by the widow of his brother, John Smith, of Wilson, who was mortally wounded in the attack. The story of the raid was told by Carroll's widow, her 17 year old son, Walter Carroll, a brother, and Herman Hensley, who testified he was visiting the Carrolls when the masked men came. When court recessed tonight, the prosecution had called all its witnesses with the exception of possibly one. A jury was completed at 2:00 o'clock after more than a day and a half devoted to examination of prospective jurors particularly by the state as to their attitude toward the Ku Klux Klan and other local secret organizations. The defense deferred an opening statement until after the introduction of the state's testimony. J. W. Burns, the defendant's counsel, was unsuccessful in an attempt to have the charge dismissed and to prevent the introduction of evidence by the prosecution. Joe Carroll's widow was the first witness called by the state. She said that on the night of December 15, 1921, she was at home in Wilson with her family. John Smith, the defendant's brother, she testified, knocked at their door at about 11 o'clock that night and called to her husband to come out. Carroll called to Smith to "come in" but Smith replied: "I haven't got time. Step out here Joe," she asserted. As Carroll threw open the door, she heard someone outside order him to "hold 'em up." "What's up; what does this mean?" Carroll asked as he stepped out the door, the witness said, adding that a man then grabbed her husband and that several shots were fired. "When I got out there they turned him loose," she said. "He fell and one fellow stood over him and shot him in the breast." After the shooting Mrs. Carroll said, the men went to two motor cars on the road and drove west. On cross-examination she testified that the defendant did not answer the description of the man who shot her husband as he lay on the ground. Hensley said that when the masked men called he was talking to Carroll in the latter's house. He repeated much of Mrs. Carroll's testimony. During the shooting, he said he ran out the back door with a gun and came around to the front. He said he saw a man step over Carroll's body and fire into his breast. A shot then was fired at him he asserted and he began shooting at the masked men. Walter Carroll, who lived next door, said he was awakened by shooting and saw a man step over Carroll's body and fire into his breast. He said he saw a man step over Carroll's body and fire into his breast. A shot then was fired at him he asserted and he began shooting at the masked men. All members of the Carroll family said they did not recognize the defendant.

GERMANY'S FATE IS IN OWN HANDS

COMMANDER SAYS

Says Nothing will Make France Deviate from Course

(By The Associated Press)
DUESSELDORF, Jan. 30.—"Germany's fate is in her own hands. Nothing will make us deviate from the course which has been laid out for us. We will take whatever time and measures that are necessary." In these words General DeGoutte, allied commander in chief in the occupied zone today summarized the situation in the Ruhr from the standpoint of the French and Belgians. "We came here with pacific intentions," he went on. "The German government responded with every possible effort to provoke a general uprising among the population. x x x. Moderation is not a sign of weakness. Our patience has reached its limits. Responsibility for the evils that may strike their country lies with the German government." When the French and Belgian forces entered the district he said, they promised to trouble the normal life of the inhabitants as little as possible and asked the workers to continue at their labors calmly and orderly. "Our appeal to the population inspired by common sense and reason," he continued, "was on the verge of being accepted when the Berlin government used all means of pressure to cause the people to rise against us. The wisdom of the working classes having made this plan a failure, the Berlin rulers enjoined the functionaries and state officials to enter into open rebellion against us." Strikes, sabotage and boycotts had been resorted to, he added, but the occupying forces had not lost their heads and given way to the immorality, which he said, characterized "the disciples of Bismarck."

KATHLEEN MORRELL IS GIVEN CHILDREN

(By The Associated Press)
CHICAGO, Jan. 30.—Kathleen Morrell today was granted permanent custody of her five children and a petition charging her with contributing to their dependency was dismissed. Altho the children recently had been in her care they were taken to the detention home some time ago when John S. Curbin, a coal dealer alleged to have maintained two households was arrested after his wife had caused the arrest of the children's mother. The latter secured the court that she was well able to care for her children.

A THOUGHT

And Jacob served seven years for Rachel; and they seemed unto him but a few days, for the love he had to her.—Genesis 29:20.

In the morning when thou risest unwillingly, let this thought be present: "I am rising to the work of a human being. Why then am I dissatisfied if I am going to do the things for which I exist, and for which I was brought into the world? Or, have I been made for this, to lie in the bed-clothes, and keep myself warm?"—Marcus Aurelius.

WHEN YOUR OLD.

(NEA)
His 110th birthday will be celebrated April 12 by Joseph Allen Russell, at his home in Launess, Texas. It must bewilder him as he thinks back and contemplates the changes he has lived through.
In 1813, the year of Russell's birth, America was rather a dull place to live, excepting for exciting war news. The war with Great Britain continued, though rather spasmodically. Perry won his naval victory on Lake Erie. Meantime, the British blockade of our coast ports was drawn tighter.
No transportation of goods for export was permitted, except by special presidential permit.
Creek Indians were on the war path in the south.
The national government's expenses during the year totaled

\$39,190,520. This sum, considered terrific in those days, created much opposition to continuance of the war with Great Britain.
It was a big event for people of 1813 when they got, sandwiched between their war news, the announcement that the first ferry-boat had begun making trips between Brooklyn and New York.
The public in 1813 objected strenuously to a special war tax of \$ to \$20 apiece on carriages, which reminds you of modern auto taxes.
Maybe, after all, there were lots of interesting events in 1813 that weren't recorded because there were so few newspapers. Even Boston had no daily paper until 1813.
In 1823, when Russell was 10 years old, events were more interesting. New Hampshire had become a great manufacturing state, with 28 cotton factories, 20 iron mills and 22 distilleries, which many wets will consider about the right proportion.
Liquor seemed to keep great minds busy in 1823. Thomas Ewing inventing a process of plating lead pipes with tin, for "stills."
Nicholas Longworth, of Cincinnati, in 1823 began the manufacture of wine from muscatel grapes.
During the year, Commodore Porter led a naval force against the west Indian pirates and dispersed them. The public cheered but a more important event was the setting up and starting of the first American steam-power printing press by Benthysen, Albany (N. Y.) printer.
Congress in 1823 made its first venture in railroad legislation, incorporating a company to build a railroad from Philadelphia to Columbia, Pa. This was considered decidedly less important than the completion of the Champlain canal, connecting Hudson river with Lake Champlain.
Yes, Joe Russell has lived thru tremendous changes. He saw a backwoods America develop into the richest and most powerful nation in all history.
It makes you wonder whether you also will not see equally great changes if you, like he, live 110. Life seems startling, magical, today. And yet our marvels of the century is antiquated before the century is up, and will be laughed at as old-fashioned by the people of the year 2000.

BERTON BRALEY'S DAILY POEM
Transmutations
By Burton Braley
THE threnodies are three, the monads, four;
While deep across the spaces comes the tone
Of soundless harmonies that sob and moan.
Beating against our hearts with "Nevermore!"
PALLID and black the frozen breakers roar
Upon the yielding surface of the stone,
While far across the desert wastes unknown
Looms the dim horror of a viewless shore.
HOLD hard my hands; lean close and far away,
Bleak are your eyes as gardens of the slain,
Wherein the dust of Babylon has lain,
Without the dawning of a bygone day.
EVEN as these we sundered spirits may
Sweep down upon the mountains from the plain,
Headless of all we seek or can attain
Through mythic veils that droop in sodden gray!
AH, blind, grim gods of mystery and doubt,
Gazing upon us with dull eyes astart,
Can you explain what this is all about?
Go to it, then, for goodness knows I can't!

ROY DYER HELD SALE NEAR MURRAYVILLE

Public Sale Held Tuesday at Farm of Roy Dyer Near Murrayville
A public sale was held Tuesday at the farm of Roy Dyer, three and a half miles east of Murrayville. H. E. Spencer and F. A. Seymour were the auctioneers and W. E. Wright the clerk. The attendance at the sale was quite large and the prices realized were considered very satisfactory, the sale totaling something more than \$2,000. Lunch was served by the Woodson Christian church Aid society.
Mr. Dyer and his family expect to remove to a farm in Iowa which they have under lease and it was because of these plans that the sale was held. Mr. Dyer sold only a part of his holdings yesterday and expects to take the rest with him to Iowa.
A few of the sales made and the names of the purchasers are listed herewith:

GALLONS OF BOOZE POURED INTO SEWER
About one hundred gallons of liquor, which has been accumulating at the city hall as the result of various raids during the past year, was poured into the sewer Tuesday afternoon. White male, wine, hard cider, patent medicines, and all sorts of stuff were destroyed by local police. Several representative citizens witnessed the destruction of the hoosh.

The liquor had been confiscated by police and stored in a vault on the second floor of the city building. Chief Kiloran decided that it was time to clear the vault to make room for future confiscations; hence the sewer was given the heaviest drink it has received in many a day.

OLD JACKSONVILLE
STRAWN'S HALL AGAIN
(BY ENSLEY MOORE)
Member Illinois State Historical Society
The history of Strawn's Hall, as it was first called, on its opening in February, 1861, perhaps touched the lives and thoughts of more of our people than any other of our institutions — except Illinois College.
And it had much of the history of the great school merged in its own.
There may be no consecutive list of Collegiate events or exercises occurring in the old Hall, but there were many of them.
Frederick Douglass spoke there several times — first in 1866.
When Mr. Douglass was to be here, the Lecture Committee of Sigma Pi Society of Illinois College, for which he was to lecture went to the Dunlap and the Mansion House, to arrange for his stopping place.
Both houses were then kept by the Kelseys temporarily. They seemed to have forgotten that slavery was gone and color not objectionable, as it had been in the Republic where all men were supposed to be free. So the proprietors of one or both hotels declined to entertain the man whom Queen Victoria had paid marked attention to. The College boys secured quarters for Mr. Douglass at a well known West State street residence.
It happened that Anna E. Dickinson was to lecture for the same Society later during the season. When she came she happened to say, she would not stop at a hotel, but declined to entertain a distinguished friend of hers. This statement came to the hotel keeper's ears and he wrote to Miss Dickinson wishing to know the facts, which the lady was not slow to give him. Kelsey's note and Miss Dickinson's reply were published in the "Sentinel," the Democratic paper here then, with some comments. These things, and some uncalculated acts by other parties created quite a "tempest in the tea pot" at the time. Miss Dickinson was entertained in the same residence that Douglass had been.
The sequel of the story is, that the Sigma Pi Society declined to have its next Re-Union at either of the hotels, and it was held in Strawn's Hall, and largely attended.

ed; ladies being present among the guests. So, one good thing brought about another.

Commencement
of 1863, of Illinois College, was held in Strawn's Hall, and owing to the War there was no regular student speeches, but other features characterized the occasion.

One was the appearance of Lt. Frank Adams, in uniform from Grant's Army before Vicksburg. Mr. Adams added to the interest by making a speech alluding to some matters of local importance which had recently transpired at Vicksburg.

A Sunday School Entertainment
was held in the Hall during the winter of 1861-2, under the management of Mr. M. P. Ayers, then prominent in that work.

Young men or boys from various schools took part. One being Frank Mitchell, son of Prof. B. F. Mitchell of Jacksonville Female Academy. It was well attended. Another actor was W. O. Brooks, then a prominent merchant here.

The Academy
had an entertainment in the coming Opera House one evening in the school year 1863-4. One of the points in it was the slow movement of the exercises, suggesting that the audience might be ready for breakfast there.

There was music, solos, etc., and a "Free Gymnastic" drill by young ladies in mannish costume. The writer has been reminded that

Edwin Booth
"walked the boards" of the stage where so many other well known people appeared. This was probably about 1870.

Edwin Forrest
was another actor to appear there before our people. The old time tragedian gave one of his characteristic plays.

Many Other
actors, and many singers of note delighted Jacksonville audiences, and festivals, plays and other gatherings of all sorts were "put on" during the years.

One of the Most Important
uses to which the great auditorium was put was as Armory for our splendid Company I, Fifth Illinois Infantry, in which organization so many of our boys went to the Spanish War in 1898, under Capt. E. C. Vickery.

SANATORIUM BOARD IN REGULAR SESSION
A meeting of the board of directors of Oak Lawn sanatorium was held Tuesday afternoon at the Ayers Bank building. Dr. T. O. Hardesty presided and the regular business routine was followed.

Dr. W. C. Martini, who for the past year has served as superintendent of the institution, resigned recently in order to take up his duties as superintendent of the Tuberculosis hospital at Urbana. Dr. Martini filled the position here in a very satisfactory way and the sanatorium has been well managed during his superintendency.

No one has yet been chosen to fill the vacancy caused by Dr. Martini's resignation.

STALLION STAKES
DRAW MANY SIRES

Entries Closed for Championship Stallion Stakes for 1923—Property of 1922 are Eligible.

CLEVELAND, Ohio, Jan. 30.—Thirty-five of the greatest sires in the country have been named in the championship Stallion Stakes of 1923, number 16, the entries to which closed Dec. 30, according to announcement made here today by James Clark, assistant secretary of the American Association of Trotting Horse Breeders. This is three more than were named for the stake last year.

The 1922 progeny of these sires are eligible to contest as three year olds in the rich trotting event in 1925. Last season this future trophy which is second in importance only to the great Kentucky futurity, was raced at the North Randall track during the August Grand Circuit meeting, its money value being more than \$11,000 and was won by the unbeaten three year old trotter, Lee Worth, 2:03 1-2. The 1923 futurity will have a money value of \$14,000, it is estimated.

The Matron stake, number 16—a companion event to the championship stallion stake—drew 600 nominations. This stake is for weanlings and foals of 1922, to race as three year olds in 1925. Last season the list numbered 560 nominations. The increased entry this year is attributed to the increasing interest in harness horse racing, especially in futurities. The value of the 1922 Matron stake race was about \$7,500. It was raced at Toledo.

The tracks for the 1923 stallion and matron stakes will be announced about March 15. It is believed North Randall will stage the former and Toledo the latter event.

Following is the list of stallions in the championship stallion stake, together with his owner: Atlantic Express, W. B. Diekerman, Mamaronock, N. Y.; Arborette Axworthy, Rollins Stock Farm, Shirley, Ill.; Belwin Fairland Farm, Lexington, Ky.; Blavolo, Frank Caton, North Randall, O.; Binville, Park Farm, Springfield, O.; Chestnut Peter, Beaumont Farm, Boston, Mass.; Czar Peter, Deep Run Farm, Birmingham, Mich.; Dillon Axworthy, A. DOKAYS FIND CHAPIN
INDEES EASY PICKING

Defeat Visitors by Score of 38 to 18—Dokays Took Lead Early in the Game and Were Never Headed.

The Dokays found the Chapin Indies easy picking in David Prince gymnasium Tuesday evening and won the game by a score of 38 to 18.

The Chapin team came here with a clean slate, having won several victories, among them one over Winchester. However, the Chapin squad proved to be no match for the local tossers who jumped into the lead at the start and were never headed.

The score at the half time station was 22 to 9 and the Dokays apparently eased up in the second half tho they kept far enough in the lead. In the second half the Dokays scored 14 points to 9 for Chapin.

Kennedy was the bright star for the Dokays on the offense, scoring 20 points baskets for a total of 30 points. He was ably assisted by Wood, Smith, Jones and McGhee. Jones also played a star game on the defense, his guarding and floor work being as good as has been seen in David Prince for some time.

For Chapin E. McDaniel, Smith and Delph did the best work on the offense. Two of the McDaniel brothers played guard positions but were unable to stop the Dokay forwards. An error made the advertisements in the Journal Tuesday morning for the Dokay's game read admission 15 cents when it should have read 35 cents. The error was no fault of the Dokay management.

Mr. Sutter said some fans seemed to be rather sore that the price was not 15 cents as advertised and this statement is made in justice to the management. The score:

MCGRAW STILL
SEEKS MEADOWS

By NEA Service.

Philadelphia—The first big problem that confronts Arthur Fletcher, new manager of the Philadelphia Nationals, is Lee Meadows.

Is Meadows loafing on the job or has he a sore arm? Fletcher must make a final decision in the matter.

For several years Manager McGraw of the Giants has been anxious to add Meadows to his staff of pitchers. That is the reason for the thought that Meadows may not be taking his work seriously.

Those who know Meadows scout the idea that he is not doing his best. Others are of the belief that the knowledge that McGraw is after him may have something to do with his cry of sore arm and his inability to win.

CONNIE MACK FIGURES
BABE RUTH TO SHINE

Connie Mack is one of the few baseball experts who figures Babe Ruth will do a real comeback in 1923. Here is what the famous leader of the Philadelphia Athletics thinks:

"Despite his miserable work in the world series, Ruth is a great hitter. I feel sure he will demonstrate that fact to the sorrow of many a pitcher before the coming season is over.

"I watched him in the world series. His first trouble was overconfidence, then as his drives refused to go safe, nervousness and overanxiety ruled him.

"All that Ruth needs to do in order to regain his homerun crown is to report in condition and keep that way."

YANKEES GET
MORE RED SOX

NEW YORK Jan. 30.—The New York Yankees today announced completion of a deal with the Boston Red Sox by which the American League champions acquired Herb Pennock, veteran southpaw, pitcher in exchange for three young players, George Murray, pitcher, Norman McMillen infielder of Camp Skinner, outfielder. No cash was involved.

Pennock, one of the most reliable port riders in the American League last year was sought by the Yankees when negotiations fell thru for Jackie May, crack southpaw of the Vernon, California club of the Pacific Coast League.

Last season with the last place Boston club Pennock won ten and lost seventeen. As a result of their latest deal with the Red Sox, five of the six regular pitchers on the Yankee roster are former Boston stars. Besides Pennock they are Waite Hoyt, Joe Bush, Carl Mayes and Sam Jones. Four other regulars also are ex-Huggins—Babe Ruth, Wally Schang, Joe Dugan and Everett Scott. Youngsters traded for Pennock are regarded as unusually promising. Murray was used in a utility role last year. McMillen played in the outfield for a time last year but is expected to be assigned to the regular third base job with the Red Sox by Manager Frank Chance. Skinner was used chiefly as a pinch hitter last season with the Yankees.

CARDS UNCOVER
SOME OUTFIELDERS

St. Louis, Mo., Jan. 30.—Manager Branch Rickey of the St. Louis Nationals today said that unless the Cardinals uncovered several outfielders from among recruits it would be better to subordinate the 1923 race and start building up for 1924. Rickey stated he was well pleased with the infield but that McHenry's death and leg injuries last year to Plack and Mueller, which might cause these two players some concern this season, presented a most perplexing problem.

COE COLLEGE TO
COMPETE AT RELAY

Cedar Rapids, Iowa, Jan. 30.—Coe College track men will compete in the Illinois indoor relay carnival this spring for the first time in a number of years. A squad of sixty candidates for the team now is undergoing preliminary training under direction of Coach Bryant.

RUPPERT STILL
TRYING TO GET COLLINS

NEW YORK, Jan. 30.—Colonel Jacob Ruppert, part owner of the New York Yankees, declared today he expected to renew negotiations with the Chicago White Sox in an effort to obtain Eddie Collins, veteran second baseman at the spring meeting of the American League in Philadelphia Feb. 19.

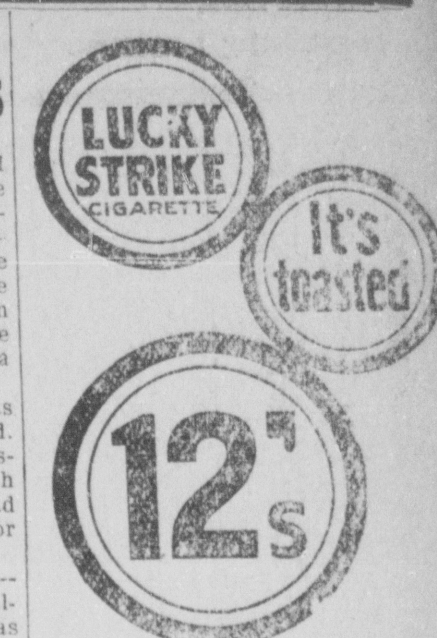

Colonel Ruppert denied reports that the deal had been discarded. He said attempts to reach a satisfactory basis of agreement with White Sox officials so far had failed but that he still hoped for success.

Colonel Ruppert did not indicate whether the Yankees had altered their proposal which was understood to involve the exchange of Aaron Ward, Bob Menzel and a pitcher for Collins, Bib Falk and Ted Blankenship. A previous hitch was believed to have developed because New York balked at including Waite Hoyt, sought by Chicago.

THE DAY'S EVENTS IN WASHINGTON

(By The Associated Press)
President Harding accepted the invitation of Chile and Peru to act as arbitrator under the Tacna-Arica protocol.

Senator Borah, Republican, Idaho, re-introduced his resolution requesting President Harding to call an international economic conference.

A special senate committee was named to investigate the feasibility of constructing a nine foot channel between the Great Lakes and the Gulf of Mexico.

Secretary Mellon expressed opposition to the Bursum bill which would establish a billion dollar credit for Germany to buy foodstuffs in the United States.

A bill providing for consolidation of the diplomatic and consular services with free interchange of personnel was reported by the house foreign affairs committee.

Announcement was made that Henry P. Fletcher, ambassador to Belgium would head the American delegation to the Pan-American congress to be held in March at Santiago, Chile.

The interstate commerce commission authorized the Van Sweringen group of Cleveland to take over control of the Chesapeake & Ohio railroad by assuming seven places on its board of directors.

Secretary Weeks it became known hopes after March 4, to visit Florida and possibly Porto Rico and to inspect army posts in the canal zone and Hawaii, as well as in various parts of this country.

Commissioner Blair of the internal revenue bureau ruled that contributions to the Woodrow Wilson Foundation subsequent to its incorporation last December 6, were largely exempt from application of the income tax laws.

Efforts to limit debate on the Leenroot-Anderson rural credits bill, failing, Senator Leenroot, Republican, Wisconsin, announced he would propose that the senate hold night sessions until a final vote is reached.

The Standard Oil company of California, pioneer in the establishment of an eight hour day in the oil industry, has paid cash dividends of \$103,122,000 and three stock dividends totalling 143 per cent since 1911, and last June 30, had a \$137,106,000 surplus President K. R. Kingsbury testified at the senate investigation.

A resolution from Martin R. Carlson of Moline, making it compulsory for the secretary of the senate to print a daily calendar of all bills and also providing that no bill be called for passage until at least fifteen days has expired after its third reading was referred to the committee on rules.

This would prevent the midnight ride of any omnibus bill thru the senate. The rule adopted in the house preventing such action was given to the senate by Senator McMurray and was referred to the rules committee.

A bill preventing the use of the "third degree" by any peace officers and providing penalties of fines ranging from \$100 to \$1,000 or 30 days in the county jail was presented by Senator Jewell. Senator Epler Mills, Virginia, presented his bill establishing a home for the rehabilitation of world war veterans. Two years ago it failed to pass. The selection of a site is placed in the hands of the governor, secretary of state and the state treasurer.

The house received a number of bills today including one from Representative Lottle O'Neill, who offered an eight hour bill for female labor, the same measure as introduced in the senate two weeks ago by Senator Jewell.

Both houses convene at 10 o'clock tomorrow morning. The senate will probably adjourn tomorrow.

IDENTIFIES MEN AS PAYROLL ROBBERS

Newport News, Va., Jan. 30.—Corporals John S. Wood and James S. Harvey of Langley Field, identified by Captain Norman D. Cota, chief finance officer at the field as the bandits who held up him and four companions at the First National Bank of Hampton this morning and escaped with the army payroll of \$43,000, were captured by a posse about 20 miles from here tonight, the authorities announced.

According to telephone reports the men were captured in the woods near Big Bethel. Most of the money was recovered. It was added, altho the bandits had been forced to abandon \$5,000 in silver.

CITY QUIET AFTER EXCITING GUN BATTLE

(By The Associated Press)
CORBIN, Ky., Jan. 30.—This city was quiet tonight following a gun battle in the streets early today between railroad employees and special policemen in which two men were killed and two others wounded. Officials declared no further trouble was expected. The cause of the clash has not been established. J. B. Parker, 42, engine dispatcher for the Louisville and Nashville railroad and George Yaden of London, Ky., employed as a special officer here were killed. Jesse Barker, railroad switchman and Fred Day special officer was wounded. A. K. Richmond, another special officer also was a participant in the fight, but escaped without wounds.

Day who was wounded only slightly and Richmond, were taken to Williamsburg, the county seat today and released under bond.

Jesse Barker, blamed by the officers for starting the battle was under guard at his home.

The officers were members of a detail of the special police appointed following the recent dynamiting of a rooming house here, when two men were injured seriously and the lives of fifteen railway workers endangered.

Here for the Oil that Fights Carbon Mischief

DRIVE in here for your next oil supply—the oil of that wonderful double duty that you have been hearing about. It is here in exactly the right charted weight for your motor—ready with its two-fold value of better lubricating service in your crankcase, plus prevention of carbon evils at their source.

**Wadham's
Tempered
Motor Oil**

burns to a minimum
of carbon—non-hard-
ening—so light and
flaky that it tends
to blow out with the
exhaust, without res-
idue of clinkery grit.

This wonderful feature of self-carbon-cleaning is alone enough to determine you to use Tempered even if it were no better lubricant than other good oils.

But it is better. The Tempered process is the exclusive Wadham's

method that gives this oil extra staying power—toughens it against wearing away under heat, friction and dilution by motor fuel. It lasts longer and oils better than untempered oils—costs no more to buy and far less to use.

When will YOU be here?

An informal musical program was given by Mrs. Coultas who played the piano and her niece who also played a piano solo. Rosemary Coultas sang a group of songs. The rest of the afternoon was spent with a number of interest-

ing games and contests and the hostesses served delicious refreshments. The Housekeeper's class enjoys a social of this kind every month.

MRS. PEARCE DIED AT MANCHESTER TUESDAY

Death of Well Known Resident Came After Brief Illness of Pneumonia—Funeral of Rev. W. S. Clark Held Tuesday.

Manchester, Jan. 30.—Mrs. William C. Pearce passed away at 3:20 o'clock Tuesday afternoon at the family home in Manchester, after a comparatively brief illness. It was only about a week ago that Mrs. Pearce became ill, and her condition was not at first regarded as at all serious. However, pneumonia developed Monday and her condition rapidly grew worse until the end came as noted above.

The maiden name of the deceased was Catherine Green, and she was the daughter of Cyrus and Martha Green. She was born July 19, 1860, and lived practically all of her life in the Manchester community.

Her marriage to William C. Pearce occurred September 25, 1887. To this union were born three children: Elsie, wife of Claude Heaton; Fred Pearce of Dwight, Ill., and Miss Louise Pearce, a student at Wesleyan University at Bloomington. All the children survive, together with the husband and three sisters, Mrs. W. D. Strang of White Hall; Mrs. Margaret Walton and Mrs. Alice Wallace of Manchester. There is also one brother surviving, Daniel Green of Chicago, and one granddaughter, Clara Katherine Heaton.

Mrs. Pearce was converted in the year of 1907 and later united with the M. E. church. She was regular in attendance at church and Sunday school and her life was one which made an impress for good upon all those with whom she came in contact. She was a member of the Eastern Star and was for years active in the affairs of that order, holding the office of worthy matron for two successive years.

Mrs. Pearce was one of the best known residents of the Manchester community and was beloved by all who knew her. Her death means a distinct loss not only to the family circle and the church and Sunday school, but to the community as a whole.

Funeral services will be held at 2:30 o'clock Friday afternoon from the M. E. church.

Funeral of Rev. W. S. Clark
The funeral of the late Rev. W. S. Clark was held at 2:30 o'clock Tuesday afternoon from the family residence, in charge of Rev. H. M. Ingram. Music for the occasion was furnished by Mrs. J. H. Langdon, Mrs. J. C. Andrus and E. L. Moline.

The floral offerings were both beautiful and profuse and were cared for by Miss Lottie Van Tuyle, Miss Ella Clark, Miss Ethel Clark, Mrs. E. C. Chapman, Mrs. Herbert McClure and Mrs. Glenn Funk.

The American Legion was in charge of the services at the grave as the deceased was a veteran of the Civil War. The pall bearers were Fred Van Tuyle, Ernest Cooper, John Akers, Glenn Funk, Fulton Cuddy and Buell Gundy.

Among those here for the funeral were large delegations from the American Legion posts at Winchester, Albey and Manchester. Miss Ella Clark of Lincoln was also here for the funeral.

Paul Lashmet is seriously ill of pneumonia at his home here. He was reported to be resting somewhat more comfortably Tuesday evening, and his many friends are hoping for his early recovery.

Special Sale of Gas Ranges begins tomorrow. See ad on page 4.

SECOND MODIFIED PLAN PRESENTED TO THE SUPREME COURT

Is Drawn from One Declared Illegal by Court in 1920

(By The Associated Press)

PHILADELPHIA, Jan. 30.—The second modified plan for the dissolution of the combination maintained thru the Reading company which was declared illegal by the United States supreme court in April, 1920, was filed in the United States district court today.

It provides for dividing the liability of the Reading company, the holding corporation of all of the Reading's interests with the Philadelphia & Reading Coal & Iron company in the proportion of two thirds to the holding company and one third to the coal company.

The stock of the Reading Iron company is to be transferred from the Reading company to the Philadelphia and Reading Coal & Iron company for \$8,000,000 the iron company to first pay \$6,000,000 from its surplus assets to the holding company.

The first plan in the long litigation to separate the various Reading companies was made in June, 1921, but it was carried to the United States supreme court by dissatisfied interests and the higher court last May ordered certain modifications to make the dissolution more effective.

The supreme court directed the attention of the lower court to the question of whether the federal commodities clause or the constitution of Pennsylvania would be violated if the Reading company when it becomes a railroad company under the first plan were to retain the stock of the iron company. The Reading company in its second modified plan filed today states that it will not contest the point and makes provisions in the second plan for the disposition of the stock of the iron company.

Judge Thompson in federal court after the second plan was filed today fixed February 20 as the final day on which objections can be filed to the plan.

GOVERNMENT OF FREE STATE HAS DIFFICULT TASK

Is Shown by Intensified Campaign of Destruction

(By The Associated Press)

DUBLIN, Jan. 30.—That the free state government still is confronted with a grave task is shown by the intensified campaign of destruction and incendiarism that is carried on by the irregular forces. These acts are considered proof of the determination of the Republicans to resort to every possible means to prevent the government from functioning and break the country's morale and thereby if possible prevent the holding of elections. By means known only to themselves the irregulars continue to amass arms, ammunition and explosives and to manufacture bombs and land mines the destructive powers of which are alarmingly great. Two houses were mined Monday night and demolished within a few minutes.

In the campaign of incendiarism no consideration is being shown occupants of doomed houses. Under threats at the pistol point they are required to turn out of their homes on a moment's notice.

Last night Mrs. Corigan, wife of a state solicitor, was given two minutes to evacuate her home. The woman and her maids had to snatch three children from the beds, and without dressing them, dash out into the cold, wet night.

Their departure from the building was followed immediately by the terrific explosion of a land mine which brought down the house in ruins.

There seems to be a systematic attack on houses belonging to men prominently associated with Irish newspapers. Many attacks have been made but a majority of them has proved unsuccessful.

EXPECT SPEEDY ACTION IN TRIAL

Cincinnati, O., Jan. 30.—Indications of speedy court action in the cases of three officials of the Independent Drug Company, who are charged in federal indictments with conspiracy to violate the federal prohibition law, were foreseen in United States district court today when Judge Peck emphasized that he would permit no delays in bringing the cases to trial. The three officials—Otto Katz, George R. Landen and Sidney H. Miller—thru their counsel, entered pleas of not guilty when arraigned. Their counsel asked for a week's delay so as to enable them to acquaint themselves with the case. This request was refused by Judge Peck who fixed Feb. 8 as the day of the trial and set the bonds at \$2,500 each.

SENATE CONFIRMS TWO NOMINATIONS

Washington, Jan. 30.—The senate today confirmed the nomination of Robert W. Blue of New York, now third assistant secretary of state, to be minister to Sweden, and J. Butler Wright, Wyoming, to be third assistant secretary of state.

BLOOM ELECTED TO FILL VACANCY

High Percentage Hatches

With the Queen Incubator

Everyone wants big hatches, and the Queen will deliver them. Besides being wonderfully well constructed, in the way of materials and workmanship, the Queen embodies the most scientific principles of artificial incubation. The Queen is doubly insulated. First there are double walls of California Redwood, forming a dead air space. Second, corrugated strawboard is used between the wooden walls. Proper insulation adds considerable expense to the manufacturing cost, but it is an absolute requirement of a good incubator. The Queen is the only incubator that carries out the double Redwood wall construction all around, and provides a double wall front, in the way of two separate doors. The outer door is a solid panel of Redwood that is hinged entirely independent of the inner door and is fastened with a sash lock that draws it tight, thus making the loss of heat impossible. The inner door is also of Redwood construction, containing a panel of glass the full length and height of the egg chamber.

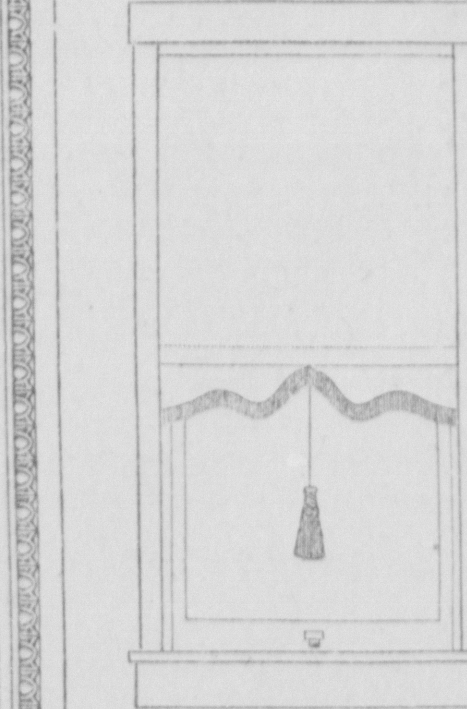

Queen Brooders are Good Step-Mothers

They are designed to raise the chicks in all kinds of weather at any time of the year, with complete protection day and night. The heating system gives an abundance of heat, distributed properly, while plenty of fresh air is provided automatically without draughts.

We sell the Queen because we are here to stay and cannot afford to trifle with your eggs. Come in and see how a Queen operates.

HI-Y MEMBERS HELD MEETING LAST NIGHT

Forty-five boys attended the regular meeting of the Hi-Y club last night at Centenary church. The ladies of the church served an excellent supper, which was greatly enjoyed by all.

Rev. C. D. Robertson made the club a short talk, and ex-president, Arter, was present and spoke briefly. The lesson for discussion was "The Power of Suggestion."

The boys were asked to begin thinking about next summer's camping trip. Many have already decided to go. It was urged that a number of the boys should take the induction ceremony into the club, and eight or ten of the fellows responded. They will be inducted into membership at an early date.

JAMES H. RAYHILL DIED LAST NIGHT
Well Known Citizen Answers Final Summons—Was Veteran of Two Wars.

Prof. James H. Rayhill, resident in Jacksonville for nearly half a century, passed away at Passavant hospital at 6:30 o'clock Tuesday evening following an illness of several weeks.

Decedent was the son of an officer in the British army and was born in Plymouth, England. He was a veteran of two wars, serving at a drummer boy in the Crimean war and later as a member of an Illinois infantry company during the civil war in this country.

Mr. Rayhill came to this country when about 18 years of age and was resident in the east for a time and later settled in Missouri. After the civil war he came to Illinois and at Homer was united in marriage.

About the year of 1880 Prof. Rayhill came to Jacksonville and taught oratory and elocution at Illinois college and also at the Young Ladies Athenaeum. He also taught in many colleges in southern states and became widely known in the south thru his teaching work.

Always interested in athletics, Mr. Rayhill was a familiar figure thru the years at baseball, football and basketball games and track and field meets. He was in great demand as a time keeper at football games and was justly popular with the young people of the city.

The past few years Prof. Rayhill has been employed in the state house at Springfield and only recently was compelled to give up his work and return to his home in this city.

Prof. Rayhill was a member of Westminster church and was active in its work when in the city. He served a number of times as a deacon in the church. He is survived by his widow and four children, Mrs. Peyton Brown, Pleasant Plains; J. H. Rayhill, Jr., Springfield; Miss Daisy Rayhill of this city, and George Rayhill, who is resident in Oregon.

The body was removed to the Reynolds Mortuary and prepared for burial. The time of the funeral and a more extended obituary will be given later.

MRS. MARY H. WOODS PASSED AWAY MONDAY

Relatives here have received word of the death of Mrs. Mary Halliday Woods which occurred at the home of her son, Dr. D. H. Woods, in Effingham, Kansas, Monday.

Decedent was formerly a resident of Virden and Carlinville and was well known here where she visited frequently in former years. She was a step daughter of Mrs. Emma Leannah Halliday and a step sister of G. M. Luttrell. She also was related to Mayoy E. E. Crabtree and Mrs. Lillian Woods King. She is survived by two sons, W. O. Woods, of Washington, D. C., and J. D. H. Woods, of Effingham, Kansas.

The body will be brought to Carlinville for burial and G. M. Luttrell and Mrs. King expect to attend the funeral.

Special Sale of Gas Ranges begins tomorrow. See ad on page 4.

DEATHS

Morgan.

The death of Miss Anna Morgan occurred last evening at the Old people's home of which place she was a resident. Decedent was born at Winchester, February 27, 1849, and was the daughter of Thomas Morgan and Nancy B. Smith-Morgan. The remains were taken to the Gillham funeral home and prepared for burial. Funeral services will be held Thursday morning. Rev. M. L. Pontius will officiate at the funeral and burial will be made in Diamond Grove cemetery.

Ferreira

Mrs. Henry Ferreira died at the family home in the Ebenezer neighborhood Tuesday morning.

Decedent was the daughter of John and Jessie Day and was born in this city February 17, 1877. Her parents passed away when she was a child and one brother John, and three sisters, Lillian, Eileen, and Clara also preceded her in death.

She was united in marriage September 23, 1896 to Henry I. Ferreira. To this union two children were born, Evalena and Roy, both residing at home.

Mrs. Ferreira was a member of Northminster church and always took an active interest in the work of the organization. She was a devoted and loving wife and mother and will be sadly missed in the home.

The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial. Funeral services will be held at the parlors at 2 o'clock Thursday afternoon in charge of the Rev. Walter E. Spooner.

Dunham

Fay Le Roy Dunham, twenty-two months old son of Mr. and Mrs. Herman Dunham of Bluffs, died Tuesday evening at a local hospital at 7:45. He was born April 8, 1920. Besides his parents, two brothers and one sister survive, being Lloyd, Claude and May Dunham. The body was removed to the undertaking parlors of Williamson & Son and prepared for burial and will be shipped today over the Wabash to New Salem, where funeral services will be held at 2 o'clock this afternoon. Burial will be in the Swigel cemetery at that place.

MATRIMONY

Shellabarger-Putnam

The marriage of C. H. Shellabarger and Miss Helen Putnam, both of Portage, Mo., took place in this city yesterday afternoon. The ceremony was performed by Justice C. O. Bayha at his office on West State street.

The groom has for a good many years been a steamboat pilot and engineer on the Mississippi river.

Gray-Hartscock

The marriage of Ernest Gray of Waverly and Miss Irene Hartscock of Palmyra was solemnized yesterday afternoon at the court house, Justice A. B. Opperman officiating. The groom is under age and it was necessary to have the consent of his father before the license could be issued. The ceremony was issued by County Clerk G. L. Riggs and Albert Gray the latter the father of the groom.

The bride is a daughter of Mr. and Mrs. Ellis Hartscock and is well known in the Palmyra community. It is understood that Mr. and Mrs. Gray are to reside on a farm near Waverly.

LARGE ATTENDANCE AT FORUM MEETING
Two Hundred Business Men Hear How a Better Jacksonville May Be Obtained From City Officials' Standpoint—Many Helpful Suggestions for Citizens' Aid Are Given.

More than two hundred members of the Chamber of Commerce and citizens were in attendance last night at the "Better Jacksonville" meeting. The greatest enthusiasm and good spirits prevailed. Some rousing songs led by Hubert Litterer served to put everybody in good shape for the addresses of city officials that followed.

The first speaker was City Engineer E. M. Henderson. He outlined the work planned for the coming year, mentioning the paving of East College avenue, North East street, Illinois avenue, Anna street, South Sandy street and others. He told of the Second Ward sewer district project, which will require the laying of 3,000 feet of a four foot sewer.

He was followed by City Clerk Jewell Scott, who explained in detail work which he is required to perform. He told something of the methods of bookkeeping and the complicated systems of funds in the office, and invited the citizens to inspect the books and audit them at any time.

The city clerk was followed by Street Commissioner Perry White, who stated that the business men could greatly aid his department by keeping the alleys clean in the loop district. He stated that most of the money allotted to his department was spent on keeping the unpaved streets in shape. There are 32 miles of these in the city, as compared with 28 miles of paved streets. Beginning early in the spring it is necessary to employ a grader at \$15 a day, and to spend a large sum for oil. Some one in the audience suggested that there might be a considerable improvement in the numbering of houses in Jacksonville.

A. C. Metcalf was called upon to represent the park board. He told the citizens that only about \$10,000 could be spent this year on the parks, as the fund is already overdrawn about \$4,000, even this amount is limited.

W. H. Cobb, the water superintendent, gave some interesting figures on the increase in water revenue. This now amounts to about \$5,000 per month. Mr. Cobb stated that the city had enough water to tide it over the dry spell.

Chief Sam Hunt gave the audience some practical suggestion as to how people should aid the fire department. Don't park your cars in front of the fire house when you visit the city hall. Don't follow the trucks in your auto when they are going to a fire, and always dim your lights when meeting a fire truck at night. Don't park near the fire plugs. Don't try to beat the fire truck in a run to a fire.

Chief of Police Frank Kiloran told the citizens that any complaints to be made should be made directly to the police and not to everybody else in the community.

Forum President Dial then called on the members of the city council and the following responded with short speeches: W. T. H. from Edward Longman, R. Y. Rowe, Basil Sorrells, Charles F. Ehle and Michael McGinnis.

The evening program was closed by Mayor E. E. Crabtree and Dr. R. F. Brokaw, who each made talks on their respective lines. The mayor summed up in a general way what had been said. Dr. Brokaw gave a brief outline of plans for city health improvement for the future.

An oyster stew, which was greatly enjoyed by all present, closed one of the most successful membership meetings recently held by the Chamber of Commerce.

FATTY ARBUCKLE TO DIRECT COMEDIES
(By The Associated Press)
LOS ANGELES, Calif., Jan. 30.—Roscoe C. Arbuckle announced tonight he had signed a contract to direct motion pictures for a comedy film corporation and that he was "done with acting."

"My greatest ambition is to make people laugh and make them happy and I can do it best as a director of comedies," he said in a prepared statement. "This is my chance to make good in the right way and in the profession that I know and love and in a way that will meet the approval of all. I start work at once and from now on you will hear from me only thru the medium of the comedies that I direct."

TO START CLOVERLEAF STRUCTURE MARCH 1ST

The block of buildings adjoining the main offices of the Cloverleaf Casualty Co., on the west is now entirely vacant, and will be torn down immediately to make room for the new structure. Bids are to be opened February 8, and it is hoped to begin work by March 1.

Thomas Sturges has moved his furniture stock to the former location of the Benson restaurant on the north side of the square, and the Walsh Electric Co. is now located at 226 North Main street. The buildings fronting on East State and East Court street are to be wrecked, and the new structure will be 60 by 120 feet in dimensions and two stories high. When it is finished the second floor of the new building and the same floor of the main Cloverleaf plant will be thrown together, and the company will move its entire plant to the second floor, leaving four store rooms below.

NEW SCOUT ORCHESTRA MAKES ITS APPEARANCE

The captivating little play, "The Sewing Circle," given by the Loyal Woman's class at the Christian church some time ago, was by request repeated last night to a good size audience.

An added feature of the program last night was the playing of Troop Four Boy Scouts orchestra which rendered several selections during the evening. This is the first boy scout orchestra to be organized in the city and although playing together but a short time is making good progress. The personnel of the orchestra is Byron Craig, violin; Lloyd Bieher, piano; Russell Todd, saxophone; Russell Cummings, banjo; Earl Hoover, drums and Ernest Olds, clarinet.

These young men are all members of the boy scouts troop four of the Central Christian church who have entered heartily into the idea of perfecting themselves in orchestra work as rapidly as possible. Up to the present time they have had no instructor, all being members of other musical organizations and studying independently, but arrangements are being made to place the new orchestra under the supervision of J. Bart Johnson for intensive training.

GERMAN PROFESSOR ISSUES AN APPEAL

Former Teacher of Violin at
Illinois Woman's College Writes
Touching Letter to Dr. J. R.
Harker.

Dr. J. R. Harker, president of
Illinois Woman's college is in re-
ceipt of a letter from Professor
Otto Soldan of Wiesbaden, Ger-
many, in which the writer gives
some idea of the existing condi-
tions in his home land, and makes
an appeal for aid.

Professor Soldan was teacher
of violin at the Woman's Col-
lege about twenty-five years ago
and will be remembered by a
number of local people. Anyone
who wishes to make a contribu-
tion may send the same to Dr.
Harker at the Woman's College
and he will see that it is for-
warded. The college is planning
the raising of a fund to be sent
to Professor Soldan and any con-
tributions will be gladly re-
ceived.

The letter, which was ad-
dressed to the president of the
Woman's College here, reads as
follows:

Wiesbaden, Germany,
Jan. 11, 1923.

Dear Sir:
I write to you, not knowing
whether or not Rev. Dr. Harker
is still alive, and beg of you if
he should not be any more in the
female college, to read this letter
as if addressed to you.

I was in 1897-1898 teacher of
the violin at the college, with
Prof. Day, and as I am now get-
ting old and the income of my
property is only 5,000 marks a
year, whereas a loaf of bread to-
day costs 700 marks, a suit of
clothes 70,000 to 100,000 marks,
a pair of shoes 15,000 marks, I
have not sufficient to live on and
am obliged to send an appeal to
all my former friends and pupils
to kindly help me in my great
trouble.

I am sure that if you, esteemed
friend, would tell the faculty and

FARM BUREAU NOTES

Willing to Boost Pig Club

C. N. Kinnett, president of the
Morgan Duroc County Breeders
Association, is interested in see-
ing a pig club started again this
spring. The general opinion of
those who have expressed them-
selves informally is that the club
this time might well be for the
fat barrow class, or a strictly
feeding project. In due season
the farm bureau office will be
glad to foster the organization of
standard clubs for this class of
pig club work.

Baby Beef Prospects

At one meeting at the farm
bureau office ten were named as
possible club members. M. Green-
leaf has added a great deal to this
prospect by telephoning in that he
can get five honest to goodness
members of a baby beef club near
Orleans. We are standing pat for
a minimum of five members and
a local club leader in any com-
munity.

Franklin High Has Farm Account-
ing Club

B. E. Asplund of the Franklin
High school has found five boys
who are willing to do farm ac-
counting this coming year. The
following boys are members of the
Franklin Club. Howard Scott,
Burton Scott, Leo Beresneider,
Jewel Bland and Claude McNeely.
With the entrance of the Frank-
lin boys, there are now Farm
Accounting clubs at Waverly, Chap-
lin, Murrayville, Jacksonville and
Franklin. Prof. Donovan of the
Farm Management Dept. of the
College of Agriculture expects to
spend two days here in the near
future with these boys.

Pig Losses

According to combined statis-
tics from Illinois 1918; Warren
County, Illinois, 1921; Henry
County, Iowa, 1921; LaSalle
County 1921 and 1922 and Min-
nesota 1922, the following losses
of pigs occurred: Of all pigs far-
rowed 79.6 per cent of the pigs
were saved; 8.16 pigs were far-
rowed per sow and 5.72 pigs
weaned per sow. Causes of loss
and percentages: farrowed weak
1.45 (or dead 21.1); 35.6 percent;
overlaid 24.3 percent; chilled 9.2
percent; 5.4 percent; aborted, 3.9
percent; 3.7 percent; sore mouth;
2.7 percent; thumps, 1.9 percent;
starved, 4 percent; miscellaneous
11.4 percent.

Summary: Out of 780 reports
8,935 sows farrowed 72,354 pigs
and 51,111 pigs were saved to
weaning time. Now is the time
to reduce this loss. Move the sow
gaining the flesh at breeding
time. During the gestation peri-
od—feed the sow a good ration.
Keep her in good physical condi-
tion. Give her plenty of exercise,
make her go some distance for
her feed each day. Provide com-
fortable sleeping quarters. Pre-
vent injury to sow, that is, from
following steers, etc. Further in-
formation on other losses will
follow at the proper time. J. B.

terest from White Hall.

White Hall, Jan. 30—C. A.
Ruckel, executive head of the
White Hall Pottery Works, has an
injured hand that met with an ac-
cident that might serve as a les-
son in caution. He was in the act
of opening the door leading to his
apartment in the Ruckel office
building, and his hand went thru
the glass panel. He did not re-
alize that he was exerting pressure
on the glass until he found his
hand had been badly cut, the gash
penetrating to the bone.

Gilbert F. Close, who served on
the U. S. peace commission at Pa-
ris, will be the speaker before the

over Sunday.

The venerable John Ballard,
residing on his son Lewis on
Carrollton street, is in a danger-
ous condition with a compli-
cation of asthma and heart trouble.

Clyde E. King, historian of the
local American Legion post, is the
first to receive acknowledgement
of his bonus application. It is
No. 1819, and it reached him Sun-
day. The work of filing applica-
tions has developed mainly upon
C. F. Wenken and Joseph Le-
man, both of whom have offices
in the Princess theater building,
and for a week following the re-
ceipt of blanks little more could
be accomplished in either office
other than work on these applica-
tions for the sole benefit of the
World War veterans, and these of-
ficials of the local post received
no compensation other than a re-
quest each applicant to enlist as
a member of the American Legion.

The work was practically com-
pleted during the first week.
Mayor H. G. Alexander of Rood-
house, declares that no matter
what may be said with reference
to prohibition and its enforce-
ment, fully ninety percent of
liquor drinking has been elimi-
nated since prohibition became ef-
fective. Mayor Alexander says it
is difficult to enforce a law in
opposition, as is so much the case,
but this conscientious and manly
executive of the neighborhood city
of Roodhouse evidently takes
pride in the growing sense of
manhood that is apparent every
day and in every way that is mak-
ing us better and better.

A meeting of representatives of
the four high schools of Greene
county was held Saturday after-
noon in White Hall to arrange for
the annual county contest. This
year's event falls to Greenfield,
and the date will be on the Wed-
nesday before the Illinois College
interscholastic on Saturday, and
when the latter date is announced
it will be possible to definitely fix
the date for the Greene county
meet. The superintendent and
two pupils from each high school
constituted the representation of
the former being Colbert of Green-
field, Pollard of Carrollton, Hat-
chens of Roodhouse and Wells of
White Hall.

BRAKEMAN GETS

FRACTURE OF ARM

Lloyd Thompson of Beardstown,
a brakeman on the C. B. & Q.
railroad, had the misfortune to
break his arm yesterday when a
sudden lurch of the train threw
him off the caboose. The acci-
dent happened when the train was
a short way out of Jacksonville
and Mr. Thompson was taken to
Passavant hospital for surgical
treatment. The injured man sus-
tained a broken wrist. He was
able to return to his home in
Beardstown after having the arm
dressed.

CONDUCTED MEETINGS

AT GREENVIEW
State Evangelist O. C. Bolman
and son Paul have just returned
from Greenview, Ill., where they
conducted a successful meeting
at the Christian church. Fifty-
three were added to the church
membership, forty-eight of these
by primary obedience, and \$4,000
was raised to complete payment
on a remodeled church building.
The junior Mr. Bolman was
leader of song and his work was
exceedingly satisfactory.

Eat Kellogg's Bran regularly to get permanent relief from constipation!

Freedom from constipation, mild
or chronic, can be surely looked for
if you will eat Kellogg's Bran every
day! Two tablespoonsfuls are suf-
ficient; for severe cases with each meal.
Kellogg's Bran is nature's most
wonderful food awaiting a chance to
bring back your health. Kellogg's
Bran is scientifically prepared to re-
lieve suffering humanity from consti-
pation and it will do that.

Being cooked and crumbled,
Kellogg's Bran is delicious in its
nut-like flavor. It should not be con-
fused with common bran which is un-
palatable and hard to eat. Kellogg's
Bran adds greatly to the pleasure of
eating other hot or cold cereals. A
popular way to serve Kellogg's Bran
is to cook it with hot cereals. In
preparation, add two tablespoonsfuls

of Bran for each person, mixing it
with the cereal to be cooked.
Kellogg's Bran is especially deli-
cious in raisin bread, muffins, pan-
cakes, macaroons, etc. Recipes appear
on each package.
Realize what Kellogg's Bran is
doing for constipation sufferers all
over the nation, then just think what
it can do for you and yours. The
horrors to come should guide you to
eat Bran regularly, to serve it in some
form each day.

You can drive constipation out of
your family with Kellogg's Bran—
and remove the cause of 90% of
human illness! First-class hotels and
clubs serve Kellogg's Bran in indi-
vidual packages. Ask for it at your
restaurant. All grocers.

Cost

We Figure the COST on
Everything We Do-Do You?

We know the average cost per mile to operate a service car. Do you? If you make a service car out of your TOURING CAR to help a friend out, and two months after that pay \$150.00 to have new gears and bearings put in would you charge it all up to the friend? No, you would watch your average cost per mile. You would avoid unusual expense as far as possible.

You should grease, oil, adjust and inspect your car thoroughly at least every 300 miles.

If you are not a mechanic and have no facilities for doing this work, try our place.

We make a business of doing it for you.

We keep track of our cost; all we expect is a fair profit on our investment.

We are anxious to have you commence to figure.

Answer These Important Questions—

Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting, or feeling as if sand or grit was lodged behind the lids? Do you ever, while reading, find that the print suddenly "goes misty" and confused? Is it necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you need stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these peculiarities with your eyes you should have them carefully examined. Call and see us at once.

Morgan County's Centenary County Established January 31, 1823 Some Pioneer History

FROM MANUSCRIPTS OF FRANK J. HEINL
In compiling this story of a century ago errors may have crept in and important facts may have been omitted. Sug-
gestions and corrections will be acceptable.

The Red Men

When the Frenchmen came floating down from the northland and stepped upon the soil of Illinois for the first time, it was entirely the land of the Indian. In its virgin wilderness, it would be difficult to imagine a more magnificent domain. Nature had been prodigal with her bounties. The green and brown prairies with scattered groves dotting their wide expanse, were everywhere diversified by sparkling waters. In the dark woods, bears and other animals lurked in search of prey and the timid deer skulked affrighted by the slightest noise. In the woods were also nuts, fruits and roots in abundant plenty. On the unbroken prairies browsed countless herds of buffalo.

"Buffaloes, buffaloes, thou-
sands abreast,
A scourge and amazement, they
swept to the west,
With black, bobbing noses, with
red rolling tongues,
Belching forth steam from their
leather-wrapped lungs,
Cows with their calves, bulls
big and vain,
Goring the laggards, shaking
the mane,
Stamping flint feet, flashing
moon eyes,
Pompous and owlsh, shaggy,
and wise," Vachel Lindsay.

Illinois Waterways

Magnificent rivers washed the
edges of the Illinois country, a
great lake touched it on the
north. It was divided in twain
by the river from which it took
its name which afforded the most
abundant fresh-water fisheries in
the world and favorite stopping
places for immense flocks of mi-
gratory game birds.

The entire country was inter-
woven with streams; tributaries
of the mighty waters which rolled
along its boundaries over
which canoes could be moved with
little effort.

"Small muddy waters flank-
ed by bottom lands,
So fat of fertile stuff the gross-
est weeds

Thrive thriftier than in Egypt."
—Edgar Lee Masters

The Mound Builders

Scattered thru Illinois are
found strange mounds, fortifica-
tions, altars and cemeteries,
mute evidences of a former peo-
ple, concerning whom the Indians
possessed not so much as a leg-
end. Who those people were,
whose centers out of population
was evidently the Mississippi Val-
ley no man can say. They may
have been red men similar to
those of the more southern tribes
encountered by DeSoto and La-
Salle.

There is evidence that a yet
more advanced race than the In-
dian builders of mounds once in-
habited, Illinois, a race which left
relics of pottery, and hand worked
silver, copper and iron. From
Peoria down the Illinois lies a re-
gion unsurpassed in relics of this
forgotten race. In the vicinity of
Naples were a number of mounds.

The valley of the Illinois was,
unknown ages ago, the home of a
still different race, whose relics
include platform pipes, finely
wrought implements of war and
the chase, ornaments of copper
and discs and lance-shaped flints
made from stones not native to
the region. In their altar mounds
are found marine shells from the
ocean waters and metals and
minerals only found in far-away
regions which indicate that this
race maintained a very widely ex-
tended system of barter and trans-
ported materials into Illinois from
distant points.

Around the salines in southern
Illinois are evidences of salt pro-
duction in very ancient times.
The use of salt separates the ear-
lier races from the Indians, as the
liking of salt was with the latter
an acquired taste.

Time can scarcely be reckoned
in considering the ages in which
human life has found existence
along the rivers of Illinois. Again
and again has this land been trod-
den by different races, cities have
risen and fallen, and great peo-
ples have vanished utterly, leav-
ing behind them little record of
existence, except voiceless graves.

Indians

At the coming of the whites
several different Indian tribes
dwelt in the Illinois country, and
altho all but the Winnebagoes
belonged to the great Algonquin
family, they were constantly at
war among themselves.

Warfare

The country so congenial to the
Indian was coveted by surround-
ing tribes and the red men of Illi-
nois were continuously attacked

by tribes from west of the Missis-
sippi and by the Iroquois and other
er eastern and southeastern tribes.
Conditions were not favorable to
permanent occupancy because the
natives were always warring
among themselves for the posses-
sion of the country.

The waterways afforded easy
thoroughfares for transients and war
parties hence there seems to have
been an almost continuous move-
ment of Indian population. We
know that few tribes found here
had been long located. We also
know that tribal relations among
the Illinois Indians were loose,
that the tribes were frequently
cut to pieces of the French absorp-
tion of the tribes were absorbed
by other tribes and that the Illi-
nois country became a Mecca for
punished and conquered tribes
from the St. Lawrence Valley and
elsewhere.

We know that the red men who
met the first explorers always
boasted of the greatness of their
nation or of their former prowess
and numbers, that the early
French chroniclers swallowed these
exaggerated stories, and
that some of the Frenchmen were
perfectly willing to magnify their
own work at the expense of the
truth, hence there is much confu-
sion among the numerous writers.

CHAPIN S. S. CLASS

IS ENTERTAINED
The Sunbeam class of the
Chapin Christian church met at
the home of Miss Pauline Crab-
tree, Saturday, Jan. 27th. An all
day meeting was held, during
which the class, represented by
several members, tackled three
comforts for Mrs. Crabtree. At
the noon hour a very delicious
dinner was served.

Those present were Pauline
Crabtree, Myra and Aileen Bob-
bitt, Bernice and Lucille Baker,
Verneda and Armenta Fernan-
des, Iris and Ione Simpson, Marie
Grady, Doris Anderson, Vivian
Stuart, Lia Smith and Mrs. Frank
Callaway, the teacher.

During the afternoon a short
meeting was held. A vote of
thanks was given to Mrs. Crab-
tree for opening her home to the
class. It was very nice and
greatly appreciated.

You Will Want Your
Fordson Tractor Early

Everything points to the greatest shortage of
Ford products this year that has ever existed.
Never before has the demand been so great.
You will want a Fordson Tractor early—here is
one product you cannot wait for—when the weath-
er opens up you will need it.

You will want it for plowing, seeding, cultivating—
and all your other work. Already it has proved the
greatest help to profitable farming that has ever
been offered to you. And at \$395 f. o. b. Detroit, the
price is so low that you lose money every day you
are without a Fordson. To get delivery you must
order early.

There are no reserve stocks among our dealers—
our production capacity, great as it is, will not en-
able us to build up a reserve.

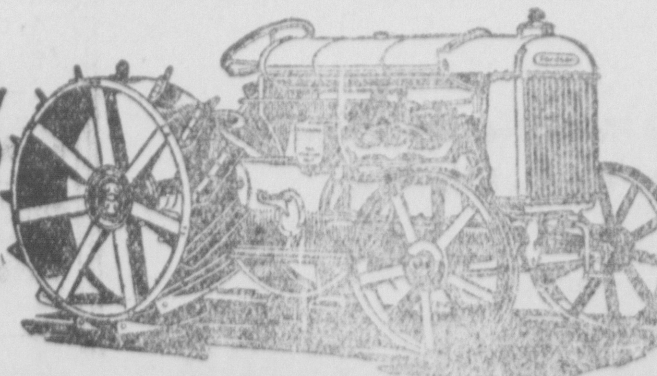

It must be a case of "first come, first served" and
the only way in which you can protect yourself is to
list your order with a Ford Dealer immediately.

By taking advantage of our dealer's first op-
portunity to make delivery, you will be assured
of having your Fordson when you need it.

KANSAS CITY LIVE STOCK MARKET REVIEW

Kansas City Stock Yards, Jan.
30.—Fresh receipts Monday were
14,000 cattle and 2,000 calves.
The holdover from last week was
9,300 cattle and 750 calves. The
combined supply was considered
liberal for this season of the year,
and the general market held
about steady at declines that oc-
curred late last week, and slightly
lower than a week ago. While the
bulk of the cattle coming now
show dry feed, a large number is
suitable for a short finish in feed
lots or for roughing thru to early
grass and summer feeding. More
straight stock and feeding cattle
are coming from Colorado and
Texas than usual for this season
of the year. The big spring de-
mand for cattle to turn on grass
has not begun, and as cattle have
been shrunk out from grass there
is no advantage in delaying pur-
chases of this cattle. Choice to
selected feeders are selling at
\$7.75 to \$8.50, good to choice \$7
to \$7.75, and fair to good kinds \$6
to \$6.85. Best stockers are bring-
ing \$7.50 to \$8.25, and other
classes \$5.50 up. A good many
stock heifers are available at
\$4.75 to \$5.50, and stock cows
\$4.75 to \$4.50. Stock calves are
selling at \$5.75 to \$7.75.
After being depressed sharply
the middle of last week, hog
prices turned up again and added
10 to 20¢ to the advance. The top
price Monday was \$8.40 and bulk
of sales \$8.15 to \$8.35. Pigs are
selling at \$7.50 to \$8, and are of-
fered in fairly liberal supply.
In the first two days last week
lamb prices advanced \$1 but later
half the gain was lost, and the
market held steady. Fat lambs
are selling at \$13.50 to \$14.75,
ewes \$6.50 to \$7.75, wethers
\$7.75 to \$8.75, and feeding lambs
\$13.25 to \$14.25.

TH ENAME'S MISLEADING

R. R. SHARES HEAVY AFTER STRONG OPENING

Day's total sales 693,000
shares.
Twenty industrials averaged
97.75; net loss, 51.
High 1922, 103.43; low,
78.59.
Twenty railroads averaged
86.58; net loss, 62.
High 1922, 93.99; low
73.43.
Bond sales, par value, \$12-
972,000.

NEW YORK, Jan. 30.—Rail-
road shares were strong during
the early part of today's stock
market, but the whole list turned
heavy at the close in response to
extensive profit-taking by recent
buying and short selling of a
number of industrials and special-
ties. Operations on the short side
of the market were influenced by
the further weakness of foreign
exchange and foreign bonds.

While the recent spurt in rail-
road shares has increased public
participation the great bulk of the
trading is still being done by
professional interests who appar-
ently buy and sell for the turn.
Several of the large operators are
reported to have adopted a watch-
ful waiting attitude. The quar-
terly report of the United States
Steel Corporation issued after the
market closed came as a surprise
to Wall Street which had expected
that both the common and preferred
dividends would be earned
with about \$1,250,000 to spare.

Instead the corporation earned
only 97 cents of the \$1.25 divid-
end on the common stock as com-
pared with 98 cents the previous
quarter. The earnings on the
common stock for the entire year
were equalled to \$2.85 a share as
against \$2.24 in 1921.

Failure to earn all the divid-
ends is explained in part by the
fact that more than \$12,000,000
was set aside during the last quar-
ter against depreciation and sink-
ing fund as against \$8,290,000 in
the last quarter of 1921.

United States Steel shares
were inactive on the exchange.
Railroad shares started off well
with low price issues in good de-
mand. Chesapeake & Ohio reach-
ed a new top at 76 3/4 and then
dropped to 74 1/2 when a wave of
realizing sales set in towards the
close. Other shares which suffered
in the reaction included Balti-
more & Ohio and "Soo", all off a
point or more. Chicago & North-
western closed 1/4 higher.

Baldwin and Studebaker drop-
ped 1 and 1 1/4 points respectively.
Oils were mixed, California Petro-
leum going to higher ground
while the Pan-American and
Standard Oil issues fell back.

Demand sterling showed some
recovery but other foreign ex-
changes were weak, French francs
dropping to 6.02 1/2 cents, the low-
est in two years and German
marks dropping from .0025 to
.0021 cents, another new low
record.

Call money held at 4 1/2 per
cent.
The time money market was
quiet some short term loans being
arranged at 4 1/2 per cent with
bankers demanding 4 1/2 for the
larger maturities. The commer-
cial paper market was steady the
bulk of the prime names com-
manding 4 1/2 per cent.

United States government bonds
failed to respond to the improved
condition of government finances
shown by President Harding's re-
port on the budget. Victory 4 1/8
closing unchanged and the other
active issues showing losses of 6
to 14¢ on \$100.

INCOME TAX FACTS

Income-tax returns, which must be filed with the collector of internal revenue for the district in which the taxpayer lives or has his principal place of business on or before midnight of March 15, 1923. Forms 1040A for filing returns of individual income of \$5,000 or less and Forms 1040 for filing returns of income in excess of \$5,000 have been sent by collectors to persons who filed similar returns for the year 1921. Failure to receive a form, however, does not relieve the taxpayer of his obligation to file a return and pay the tax on time. Forms may be obtained from the offices of collectors of internal revenue and deputy collectors. Revenue officers will be sent into every county in the United States to aid taxpayers in making out their returns. The advisory service heretofore offered city residents will be continued. This service, including the administration of the oath, is without cost to the taxpayers. Taxpayers, before seeking such

assistance, however, are advised to read carefully the instructions on the forms. Many questions which on the face may appear puzzling, can be solved by study of the instructions. Especially, in justice to themselves, taxpayers are advised to note the instructions with regard to credits for personal exemptions and dependents and deductions. In justice to the Government they should note carefully the instructions with regard to income from "salaries, wages, commissions, etc., business or profession, interest on bank deposits, income from partnerships, fiduciaries, etc., income from rents and royalties and other income."

The taxpayer who, when the form is received will devote to it an hour's study, will go a long way in assuring himself that he is making a correct return.

An Ordinance

An Ordinance to Regulate the Collection, Removal and Disposal of Garbage and Refuse.

Be it ordained by the City Council of the City of Jacksonville, Florida:

Section 1. Garbage, for the purpose of this ordinance shall be defined to mean rejected food wastes, and to include every refuse accumulation of animal, fruit or vegetable matter used or intended for food, or that attend the preparation, use, cooking, dealing in, or storing, of meat, fish, fowl, fruit or vegetables.

Refuse, for the purpose of this ordinance, shall be construed to mean ashes, tin cans, broken crockery, glassware, bottles, rubbish, junk, liquid waste, and like materials.

Persons as used in this ordinance, shall mean individual, firm or corporation.

Occupant, as used in this ordinance, shall mean head of family, proprietor of hotel, restaurant, or store, or other person, living on, conducting business on, or otherwise occupying premises.

Section 2. It shall be unlawful for any person to throw or place any garbage or refuse, whether or not the same is in a container upon any street, sidewalk, lawn or other public place in the City of Jacksonville, or to permit or cause any garbage or refuse originating upon premises occupied by him to be so thrown or placed, except as hereinafter provided.

Section 3. It shall be unlawful for any person to place or deposit any garbage, or to permit or cause the same to be placed or deposited, upon any premises occupied by him, or to permit the same to remain thereon, except in such containers and in such locations as are hereinafter provided.

Section 4. The occupant of any premises in the City of Jacksonville shall provide as a container for garbage a water tight, galvanized, metallic can, of a type approved by the health officer which shall have a capacity of not more than 20 gallons, and shall be equipped with a practically air tight lid of material similar to the can, and shall have a handle or handles thereon suitable for lifting the same. Said lid shall be kept on said can at all times when garbage is contained therein.

Section 5. All garbage cans shall be kept on the rear of the premises, and on all corner lots they shall be kept at a distance of half the width of the lot from the street running along the side thereof.

Section 6. All defective garbage cans shall immediately be repaired or replaced to meet the requirements of section 4 of this ordinance.

Section 7. Nothing but garbage as defined by this ordinance, shall be placed in garbage cans, and the same shall be free from poisonous materials.

Section 8. It shall be unlawful

for any person to engage in the business of collecting, removing, or disposing of garbage or refuse from any premises without a license therefor as provided in this ordinance.

No person shall collect, remove, or dispose of garbage or refuse, except under the direction of the health officer and in a manner prescribed by him.

Section 9. No garbage shall be conveyed through the public thoroughfares of this city except in water tight metallic containers, of a type approved by the health officer, which shall be equipped with practically air tight lid of a material similar to the container. Said lid shall be kept on said container at all times when any garbage is contained therein.

No garbage shall be allowed to fall from said container upon any public thoroughfare.

No refuse shall be conveyed through the thoroughfares of this city in such receptacles or in such manner as to permit the same to fall from said receptacles upon any public thoroughfare.

Section 10. The application for a license to collect, remove, or dispose of garbage or refuse shall contain a satisfactory description of the receptacles proposed to be used by the applicant, and such other information as may be required by the health officer.

No application shall be granted except by the approval of the health officer; provided that in case the health officer refuses to approve any application, the applicant may appeal to the city council whose decision in the matter shall be final.

Section 11. The city shall reserve the right to create one or more districts for the collecting, removing, and disposing of garbage, and to license individuals and assign such districts as may serve the best interests of the city.

Each license so issued shall designate the limits of the district to which said license pertains.

Section 12. Each person engaged in the business of collecting, removing, or disposing of garbage shall pay an annual license fee of fifty dollars (\$50.00) or a fee of twenty-five dollars (\$25.00) for a period of six months, or less, after July first.

Each person engaged in the business of collecting, removing, or disposing of refuse shall pay an annual license fee of five dollars (\$5.00.)

License fees above designated shall be paid in advance.

No license for the collecting, removing, or disposing of garbage or refuse shall be transferable.

Section 13. Each person licensed to engage in the business of collecting, removing, or disposing of garbage shall execute a bond in the sum of five hundred dollars (\$500.00) with good and sufficient security, conditioned for the faithful compliance with all the provisions of this ordinance, and to save and keep harmless the City of Jacksonville from all suits, costs, claims, demands, loss, expense, or damages, either against the said city or to which the said city may be put by reason of any injury or alleged injury to the person or property of any one whatsoever in the performance of said work.

Section 14. Each licensed garbage collector shall make collections of garbage in the residence districts of the city regularly once in each week from October first to April first of each year, and twice each week from April first to October first in each year, and within the business districts of the city shall make such collections of garbage at least twice in each week from October first to April first, and at least three times in each week from April first to October first.

Section 15. Each licensed garbage collector who shall make collections of garbage in accordance with the provisions of section 14 of this ordinance is hereby authorized to charge each owner or occupant for such service in accordance with the following schedule of fees:

Four dollars (\$4.00) a year for each can, where payment is made one year in advance;

Forty cents (\$0.40) per month for each can, where payment is made on or before the tenth day of each month;

Fifty cents (\$0.50) per month for each can, where payment is made after the tenth day of the month.

Each licensed garbage collector shall give garbage collection service to each owner or occupant residing within said collector's district and requesting such service, in accordance with the provisions of this ordinance.

Section 16. The license of any person engaged in the business of collecting, removing, or disposing of garbage or refuse may be immediately revoked, upon recommendation of the health officer, by the action of the city council upon his failure to comply with each and all the provisions of this ordinance.

Section 17. Each person licensed to collect, remove, or dispose of garbage or refuse shall display his name and license number on both sides of all vehicles used by him in the conduct of this work.

Said name and number shall be indicated by letters and figures not less than three inches in height, which shall be always plainly legible.

Section 18. No owner or occupant shall allow refuse to accumulate or remain on any premises in such a manner as to be unsightly, objectionable, or offensive.

Section 19. Any garbage or refuse which shall be allowed to remain upon any premises in violation of any provision of this ordinance is hereby declared to be a nuisance and may be removed by the City of Jacksonville if it be not removed within ten days after written notice to remove same is given to the owner or oc-

HAROLD ZACHARY HELD PUBLIC SALE TUESDAY

Disposal of Surplus Stock Preparatory to Removal to Scott County.

Harold Zachary held a closing out sale Tuesday at his farm southwest of the city, disposing of surplus livestock and implements. Mr. Zachary and his family are soon to remove to a farm near Winchester and it was for this reason that the sale was held yesterday.

C. M. Strawn was the auctioneer and Sam Camm the clerk, the sale totaling something more than \$671. The sale was well attended despite the somewhat unfavorable weather conditions, and the prices were uniformly satisfactory. Lunch was served by the Ladies Aid society of the Church of Our Savior.

A few of the sales recorded yesterday are listed below:

Lee Adams, bay horse, \$80.
Frank Todd, cow, \$77.50.
Frank Todd, heifer, \$26.
Charles Ator, cow, \$67.50.
Sam Waddell, a quantity of corn in the crib at 90 cents per bushel.
Some oat straw brought 48 cents a bale, while timothy and clover hay sold at 65 cents and 64 cents per bale respectively. A number of pigs sold at prices ranging from \$8 to \$10 per head.

DISPLAY OF LINCOLN BOOKS

A display of pictures and books concerning Abraham Lincoln has been placed on one of the tables in the reading room of the public library. The pictures show Lincoln's birthplace near Hodgenville, Ky., and give a number of scenes from his life. The books tell of his life and the best books that have been written about the great American may be found on the tables. These will no doubt be much in demand during February, the month in which the birthday of Lincoln is observed.

BROKE UP HOUSEKEEPING

"We had to break up housekeeping because of my wife's stomach trouble. No medicine did her any good for more than a few hours. On a visit to Oshkosh a friend praised Mayr's Wonderful Remedy so highly my wife tried it and she has enjoyed the best of health since taking it." It is a simple, harmless prescription that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

occupant of said premises, and the expense attending such removal by the city shall be paid to the city within thirty days from date of removal; and in the event of failure to pay said expense within said period the amount due shall be sued for by the city against the owner or occupant and the suit for such expense may be joined with a suit to recover the penalty provided for in section 20 of this ordinance.

Section 20. Any person or occupant who shall violate any of the provisions of this ordinance shall be subject to a fine of not less than five dollars nor more than fifty dollars, or to imprisonment for not less than three days nor more than thirty days, for each offense.

Section 21. An ordinance relative to the disposal of garbage and ashes, passed and approved January 30, 1922, is hereby repealed.

Passed and approved at a meeting of the city council of the City of Jacksonville, this 29th day of January, A. D. 1923.

E. E. CRABTREE,
Mayor.
